

Directions to Fisher's arena for Roping and Gymkhana

Take Riggs to 142nd st. Turn right, (north). 142nd street is between the block walls of a subdivision and a SRP station. The arena is about a ½ a mile up the road on the left. You can park along the road on the south side of the arena or in the small parking area. If you want you can park at the Fisher's house, just north of the arena and ride back down. You can park in the field across from the arena. There is a collection box at the gate that is used for donations for lights and arena upkeep and there is a soda machine on the grounds. You can bring firewood when it gets cold.
